## BELLA TERRA MEMORY CARE

### LIVE AN INSPIRED LIFE AT BELLA TERRA

For seniors looking for a life of comfort and adventure, look no further than Bella Terra. Our recently renovated community in Jackson, New Jersey, is first-class all the way.

### KICK OFF YOUR SHOES AND STAY AWHILE

## DON'T SWEAT THE SMALL STUFF

Our staff creates a carefree culture of service and attention so that residents can live life to the fullest. We understand that it's the little things that matter. We go the required level of clinical service to enable extraordinary experiences on a daily basis. Whether you are enjoying our freshly baked breads, playing cards or socializing with family and friends, you can always count on having a great time at Bella Terra.

Life at Bella Terra includes a rich variety of programs, events, and outings coordinated by our knowledgeable staff. We are always seeking input from residents for new ideas. Located near the Jersey shore, places of worship, hospitals, shopping, universities, and state parks, Bella Terra has no shortage of excitement within driving distance. Whatever your preference, the choice is yours, and it is our pleasure to arrange it.

Our Jackson Assisted Living residents and residents' families receive valuable peace of mind knowing that a certified nurse is available 24 hours a day and a security system is in place for residents with mild dementia

While some communities insist on new residents plopping down huge, non-refundable payments up-front, we like to do things a little differently. We care about not only the physical and emotional well being of our residents, but their financial health as well. That's why we offer our residents all the perks of country club living without the expensive buy-in—just a simple lease. We offer a variety of very spacious apartment styles and floor plans, which feature full kitchens with plenty of cabinets and plenty of amenities listed below.
